

Changing your profile on BBO:

At any time while you're logged in, you will have access to the tabs on the right hand side of the screen:

Messages; People; History; Account.

To access your profile, and change details like Password, Country, Skill Level and Real Name, select the "Account" tab.

Once you click on Account, you'll see the following page:

The screenshot shows the 'Account' page with the following details:

- Top navigation: Log off, Help, BB\$, drowzeeee
- Account title: Account
- Sub-navigation: Profile (selected), Settings, Convention cards, Deal archive
- Username: drowzeeee
- Form fields:
 - Password: Required, Max 10 characters, 10/10
 - Confirm password: Required, Max 10 characters, 10/10
 - Real name: Empty field
 - Other: Empty field
- Dropdown menus:
 - Skill level: Private (selected), Novice, Beginner, Intermediate, Advanced, Expert, World Class
 - Country: Singapore, Slovakia, Slovenia, South Africa (selected), South Korea, Spain, Suriname
- Save changes button: Active (blue)
- Right sidebar: Messages, People, History, Account (selected)

This is exactly the same page as what you see when you become a member for the first time, and create your profile.

The only difference is that you cannot change your username. Everything else you may change as you wish.

Where it says "Real name", you can choose to list your real name. For the purposes of The Links tournaments, it would be great for other players to know who they're playing against, since they'll probably know you!

Save changes

This does not excuse you from pre-alerting your system before starting each round, nor explaining your bids when they require explanations.

After saving your changes successfully, this is what players will see after clicking on your name:
